ideal for the user who requires a fast and accurate solution to. Autocad is the latest and most accurate version of the renowned Autocad software. Autocad 2013 is now 64 bit for Windows 32 bit for OS X. All Autocad options, templates, layers, layersets, blocks, and styles are located in the Autocad Options menu, which is found in the top menu bar. Typically the Autocad 2010 software is more like your typical design software, such as CorelDRAW, than AutoCAD. Sheraton Quay Sheraton Quay is a skyscraper located at 20 Saint Peter Street in Downtown Vancouver, British Columbia, Canada. Originally known as the Pacific Tower, the tower was renamed to Sheraton Quay, and then to the latter name. It was built in 1973 and is tall. Originally it contained 12 floors, which were subsequently reduced to 11 and then 10. The building was expanded in 1997 to an additional floor containing office space.
